

## **PV Module Mounting Structures**

Analogics Tech India Ltd. Is specialized in Design, Development and Manufacturing wide range of Hand Held Computers, Power Distribution Automation products like Intelligent AMR and GSM/ GPRS/ CDMA/ LPR Modems, Solar Products for roof top and other applications for over 20 years.

We are the turnkey solution providers to sectors – Electricity, Water, Transport, Banking, Police and Insurance Utilities in India & Abroad with a strong back ground in manufacturing, supply, installation and commissioning of Solar PV projects of MW capacities and support services.

### About PV Module Mounting Structures

- Analogics manufactures the most sensibly designed and rugged mounting structures in the PV industry, with a focus on strength and ease of installation
- Design installer-friendly structures for maximum flexibility
- Innovative installation techniques and offering better value for the large scale PV Installations
- The compact & modular design makes installations easier and more cost effective

Manufactures both Aluminum and MS (Galvanized) Structures

### **APPLICATIONS**

- Ground Mount (Fixed & Tilt Adjustable)
- Roof Mount
- Open Structures
- Metal sheet structures (Mounting Clamps)

## METAL SHEET STRUCTURES

S.No	Item	Details	Dimensions
1	Aluminum Extruded Middle Clamp		20mm(w)X09mm(H)X50mm(L) 26mm(w)X35mm(H)X50mm(L) 30mm(w)X45mm(H)X50mm(L)
2	Aluminum Extruded End Clamp		20mm(w)X35mm(H)X50mm(L) 20mm(w)X50mm(H)X50mm(L)
3	Spring Nut		M8 , M10
4	Aluminum Strut channel		41X41X2.6mm
